

ABLE NATIONAL RESOURCE CENTER

ACHIEVING A BETTER LIFE EXPERIENCE ACT

The ABLE National Resource Center (ANRC) is a collaborative that brings together the investment, support and resources of some of the country's largest and most influential national disability organizations in an effort to accelerate the design and availability of ABLE accounts to meet the needs of individuals with disabilities and their families.

Managed by National Disability Institute (NDI), the Center's goal is to provide consistent, reliable information concerning the benefits of an ABLE account. In addition, the Center aims to educate individuals with disabilities and their families, state government and legislatures, and financial service companies, including financial planners and attorneys who focus on trust and estate planning, about ABLE's potential impact on quality of life experience.
